Configure pricing model details: Transactional pricing is billed monthly as consumed. Prepaid pricing is billed in full upon purchase. Pricing defaults back to transactional rate and monthly billing once prepaid is consumed.

General employability pricing model details: Minimum purchase of 500 reports is required and £7.75 per report will start once consumed or after the 12th month. Reports purchased will be invoiced in full upon execution of SOW. The remaining balance after the initial 12 months does not roll over. During the licence period, the client retains transactional per participant price for usage over the number of prepaid reports.
