

PROFILE:MATCH2™ PROFILE:MATCH 360 PRICE LIST 2024

Linking personality and soft-skill competencies to on-the-job performance, Profile:Match2™ assessments are tailored to the requirements of a specific job and provide insight into the behaviours critical to job success.

Job Analysis Survey (JAS)

Our Job Analysis Survey (JAS) will help you determine the competencies critical to success. Managers, supervisors or individuals who have done the job or are familiar with it complete the survey and the report prioritises the competencies required and indexes them to show the relative importance of each.
