BPS RQTU

If you wish to become qualified in TUA TUP and be entered on the BPS Register of Qualification in Test Use (RQTU), you will need to attend the Test User Ability workshop (1 day), HCW (2 days) and HAI (1 day), as well as completing pre- and post-coursework.*

The total cost for the 4 days would be £3,750, including RQTU registration and accreditation in all three Hogan tools.

If you are already trained in Hogan and want to add the TUA TUP qualification, or if you are already TUA TUP trained but would like to add the Hogan tools as additional instruments on the RQTU, please get in touch for additional options.

*please note that there is a four-month coursework deadline from the last date attended of the TUA TUP package (whether that's the TUA, HCW or HAI course), and that any submissions beyond that date will be subject to late submission fees.

IN-HOUSE TRAINING

All of our courses can be run at a location to suit you. There is a minimum requirement of 4 delegates, or the equivalent charge. Please contact us for a quote.

RISK TYPE COMPASS

Our Risk Type Compass certification course can be completed virtually during a live Zoom session, or on-demand via a pre-recorded course designed to fit around your schedule. The on-demand workshop has been designed by an experienced psychologist and will introduce you to a wide range of possible applications of the Risk Type Compass (at individual, team and board level), as well as gaining an understanding of the origins, development, rationale and strategic relevance of the tool.
